New Century International Middle School Open House Advertisement Invitation Document To All Students and Parents. Discriminates and Excludes All Non-African American Students and Parents. Principal Illegally and Intentionally Promotes the Public School as African American Only By Using a Logo Image Which Clearly Only Welcomes African American Students and Not Students Who Are Native American, Caucasian, Latino Hispanic, and other national origins for a International School.

Note: Discrimination Against Students who are Native Americans, Caucasian, Hispanic, Asian, Mexican, along with other students from other national origins are being discriminated against everyday and forced to accept racial segregation images/logo themes “throughout the entire school” and online by the Principal. This intentional abuse to discriminate against all Non-African American Students should not be allowed in the public school because it creates an unhealthy learning environment and creates a bias among the students based on the color of their skin which is illegal. All Students Have Equal Rights to be Seen and Acknowledged, not just the one race reflected above
